## Nutrition and Dental Health

### Journal Articles and Book Chapters (in order by year)

"Cariogenicity of Milchschnitte (Ferrero GmbH) and apple in program-fed rats."

T. Imfeld, R. Schmid, F. Lutz and B. Guggenheim. *Cariogenicity of Foods*, 25(5):352-8. 1991.

"Dental health and nutrition in the elderly: a review." Helga Gerster. *Journal of Nutritional Medicine*, 2: 293-303. 1991.

"The effect of cheese on dental caries: a review of the literature." Edward Herod. *Australian Dental Journal*, 36(2):120-5. 1991.

"Effects of ascorbic acid depletion and supplementation on periodontal health and subgingival microflora in humans." P.J. Leggott, et al. *Journal of Dental Research*. 70 (12):1531-1536. 1991.

"Foods and drinks at four daily time intervals in a group of young children." R.D. Holt. *British Dental Journal*, 170(4):137-43. 1991.

"Influence of milk, lactose-reduced milk, and lactose on caries in desalivated rats." W.H. Bowen, S.K. Pearson, B.C. VanWuyckhuyse, L.A. Tabak. *Caries Research*, 25:283-286. 1991.

"Lack of correlation between food retention on the human dentition and consumer perception of food stickiness." S. Kashket, J. Van Houte, L.R. Lopez, and S. Stocks. *Journal of Dental Research*, 70(10):1314-1219. 1991.

---

The resources listed are judged to be available and accurate. Opinions expressed in the publications do not necessarily reflect the views of the U.S. Department of Agriculture. *Nutri-Topics* replaces the FNIC *Pathfinder* series and is issued in three editions: Consumer, Educator, and Health Professional/Researcher.

- "Mechanistic aspects of the interactions between fluoride and dental enamel." J.M. Ten Cate and J.D.B. Featherstone. *Critical Reviews in Oral Biology and Medicine*, 2(2):283-96. 1991.
- "Sorbitol inhibition of glucose metabolism by *Streptococcus sanguis* 160." I.R. Hamilton and G. Svensater. *Oral Microbiology Immunology*, 6(3):151-9. 1991.
- "Teeth for the future." D.A.M. Geddes. *Acta Paediatrica Scandinavia Supplement*, 373:53-7. 1991.
- "Update on low-calorie sweeteners to benefit dental health." T.H. Grenby. *International Dental Journal*, 41(4):217-24. 1991.
- "Caries protective aspects of saliva and enamel." B. Peretz, H. Sarnat and S.J. Moss. *New York State Dental Journal*, 56(1):25-7. 1990.
- "Chewing gum and dental health--a review." W.M. Edgar and D.A. Geddes. *British Dental Journal*, 168(4):173-7. 1990.
- "Diet and dental caries." Andrew J. Rugg-Gunn. *Dental Update*, 17(5):198-201. 1990.
- "Diet nutrition and dental caries." Proceedings of the 2nd European Congress. July 9-11, 1989, York, UK. *Caries Research*, 24(Supplement 1):1-79. 1990.
- "Expert opinions on nutrition issues in clinical dentistry." Carole A. Palmer and Johanna Dwyer. *Journal of Dental Education*, 54(10):612-18. 1990.
- "The impact of chewing sugarless gum on the acidogenicity of fast-food meals." Kichuel K. Park, Bruce R. Schemehorn, Jefferey W. Bolton and George K. Stookey. *American Journal of Dentistry*, 3(6):231-5. 1990.
- "Implications of nutritional recommendations on sugar for product development." N.J. Jardine, D.G. Edwards and C. McMenemy. *Proceedings from the Nutrition Society*, 49(1):23-30, 1990.
- "In vitro demineralization of enamel by orange juice, apple juice, Pepsi Cola and Diet Pepsi Cola." S.R. Grobler, P.J.C. Senekal and J.A. Laubscher. *Clinical Preventive Dentistry*, 12(5):5-9. 1990.

- "Influence of sweetening agents in solution on dental caries in desalivated rats." W.H. Bowen, S.K. Pearson, J.L. Falany. *Archives of Oral Biology*, 35 (10): p. 839-44. 1990.
- "Potential dental effects of infants' fruit drinks studied in vitro." T.H. Grenby, M. Mistry and T. Desai. *British Journal of Nutrition*, 64(1):273-83. 1990.
- "Snack foods and dental caries. Investigations using laboratory animals." T.H. Grenby. *British Dental Journal*, 168(9):353-61. 1990.
- "Baby bottle tooth decay (BBTD): issues, assessment, and an opportunity for the nutritionist." D. Johnsen and R. Nowjack-Raymer. *Journal of the American Dietetic Association*. 89(8):1112-1116. 1989.
- "Diet and nutrition: crucial factors in the dental health of children." Carole A. Palmer. *World Review of Nutrition and Dietetics*, 58:131-59. 1989.
- "Dietary and nutritional counseling in the prevention and control of oral disease." Samuel Dreizen. *Compendium Continuing Education Dentistry*, 10(10):558-564. 1989.
- "The effect of a high consumption of apples or grapes on dental caries and periodontal disease in humans." Sias R. Grobler and Jacobus B. Blignaut. *Clinical Preventive Dentistry*. 11(1):8-12. 1989.
- "Effect of prenatal and postnatal fluoride on the human deciduous dentition. A literature review." I. Gedalia and L. Shapira. *Advanced Dental Research*, 3(2):168-176. 1989.
- "Frequent sugar intake--then and now: interpretation of the main results." Ernest Newbrun. *Scandinavia Journal of Dental Research*, 97(2):103-9. 1989.
- "Longitudinal relationships between nutrition and oral health." Athena S. Papas, et al. *Annals New York Academy of Sciences*, 561:124-42. 1989.
- "Methodological and nutritional issues in assessing the oral health of aged subjects." James P. Carlos and Mary D. Wolfe. *American Journal of Clinical Nutrition*, 50 (5, Supplement):1210-8, 1231-5. 1989.

- "Nursing bottle caries: characteristics of children at risk." Ronald V. Marino, Kurt Bomze, Theresa O. Scholl and Henry Anhalt. *Clinical Pediatrics*, 28(3):129-31. 1989.
- "Nutrition and the oral health of the elderly." Carol Palmer and Athena Papas. In: *World Review of Nutrition and Dietetics: Impact of Nutrition on Health and Disease*. 59:71-94. G. H. Bourne (ed.). New York, NY: Karger. 1989.
- "Root surface caries: an update." Paul A. C. Surmont and Luc Martens. *Clinical Preventive Dentistry*, 11(3):14-20. 1989.
- "Salivary testing to reduce sugar consumption in school children." Richard Abrams, Curt Ayers and Lenore Weinstein. *Clinical Preventive Dentistry*, 11(4):12-7. 1989.
- "Sugar intake and dental caries: where do we stand?" Alexander Walker and Peter Cleaton-Jones. *Journal of Dentistry for Children*, 56(1):30-5. 1989.
- "Sugar substitutes--one consequence of the Vipeholm Study?" Downen Birkhed. *Scandinavian Journal Dental Research*, 97(2):126-9. 1989.
- "Vitamin C and oral health." A. Barry Rubinoff, Patricia A. Latner and Laura A. Pasut. *Journal Canadian Dental Association*, 55(9):705-7. 1989.
- "Why is sucrose so cariogenic? The role of glucosyltransferase and polysaccharides." Gunnar Rolla. *Scandinavian Journal Dentistry Research*, 97(2):115-9. 1989.
- "Detection of high-risk groups and individuals for periodontal diseases. Systemic predisposition and markers of general health." J.M.A. Wilton, G.S. Griffiths, M.A. Curtis, M.F. Maiden, I.R. Gillett, D.T. Wilson, J.A. Sterne and N.W. Johnson. *Journal of Clinical Periodontology*, 15(6):339-46. 1988.
- "Future caries development in children with nursing bottle caries." Spiros Sclavos, Suzette Porter and W. Kim Seow. *The Journal of Pedodontics*, 13(1):1-10. 1988.
- "Relationship between carbohydrate sweeteners and oral diseases." K. Makinen, P. Isokangas. *Progress in Food and Nutrition Science*, 12(1):73-109. 1988.

- "The relationship between plaque pH, plaque acid anion profiles, and oral carbohydrate retention after ingestion of several 'reference foods' by human subjects." M.W.J. Dodds and W.M. Edgar. *Journal Dental Research*, 67(5):861-5. 1988.
- "A review of nutritional implications in periodontics." Angela R C.Pack. *Journal of the New Zealand Society of Periodontology*, 65:6-10. 1988.
- "The role of magnesium in the aetiology and prevention of caries: some new findings and implications." H. Louma. *Magnesium Research*, 1(3-4):223-30. 1988.
- "Dietary and nutritional factors in relation to dental caries in elderly subjects." Athena Papas, Carole Palmer, Robert McGrandy, Stuart Hartz and Robert Russell. *Gerodontology*, 3(1):30-7. 1987.
- "Dietary carbohydrates and dental disorders." Arje Scheinin and D. Odont. *American Journal of Clinical Nutrition*, 45 (5 suppl):1218-25. 1987.
- "The effects of cheese snacks on caries in desalivated rats." A. Krobicka, W. Bowen, S. Pearson and D. Young. *Journal of Dental Research*, 66(6):1116-9. 1987.
- "Modification of food cariogenicity in rats by mineral-rich concentrates from milk." D.S. Harper, J.C. Osborn, R. Clayton and J.J. Hefferren. *Journal of Dental Research*, 66(1):42-5. 1987.
- "Perplexities and controversies on diet and dental caries." Alexander Walker. *World Review of Nutrition and Dietetics*, 54:174-200. 1987.
- "Reduction of chocolate's cariogenicity by supplementation with sodium caseinate." E. Reynolds and C. Black. *Caries Research*, 21:445-51. 1987.
- "Say cheese and smile--the nutrition and oral health picture." Sharon Rady Rolfes and Eleanor Noss Whitney. *Nutrition Clinics*, 2(6):1-22. 1987.
- "Cariostatic evaluation of cheeses with diverse physical and compositional characteristics." D.S. Harper, J.C. Osborn, J.J. Hefferren and R. Clayton. *Caries Research*, 20(2):123-30. 1986.
- "Dental disease as an indication of nutritional problems." John Miller, Frank Okoisor and Derek Liddington. *Journal of Dentistry for Children*, 53(1):27-31. 1986.

- "Dietary lipids as anticariogenic agents." Jon Kabara. *Advances in Human Nutrition*, 3:87-113. 1986.
- "Diet, nutrition, and food cariogenicity." B. A. Burt and A. I. Ismail. *Journal of Dental Research*, 65(Special Issue):1475-1484. 1986.
- "Sugar Alcohols and Dental Health." Harald Linke. *World Review in Nutrition and Dietetics*, 47:134-62. 1986.
- "Dental caries: a diet-related disease." Mark Jensen. *Currents/Quarterly*, 1(3):18-21. 1985.
- "Dental cariogenic evaluation of foods using human plaque pH and an experimental rat-caries model." D.S. Harper, J.C. Osborn, J.J. Hefferren and T.P. Muller. *Archives of Oral Biology*, 30(6):455-60. 1985.
- "Diet and dental health." James Shaw. *American Journal of Clinical Nutrition*, 41(5 Supplement):1117-31. May 1985.
- "Validity of a dietary interviewing method for use in caries prevention." U. Holund, E. Theilade and S. Poulsen. *Community Dental Oral Epidemiology*, 13(4):219-21. 1985.

## Books

- Nutrition and Dental Health.* Ann Erlich. New York : Delmar Publishers. 1987. 295 pp.
- Nutrition in Oral Health and Disease.* Robert Pollack and Edward Kravitz. Philadelphia : Lea and Febiger. 1985. 483 pp.

## CONTACTS FOR ASSISTANCE

### Local Contacts (Listed in Telephone Directory)

Health Department (city, county or state)	<u>Ask for the:</u> Public Health Nutritionist or Dentist
College or University Nutrition or Dental School	Nutrition Instructor
Dietetic Association (state or regional chapter)	Registered Dietitian
Dental Society (city, county or regional)	Dentist
Dental Hygiene School	Dental Hygienist

### National

American Association for Dental Research, 1111 14th Street NW, Suite 1000,  
Washington, DC 20005, (202) 898-1050.

American Association of Dental Schools: Division of Governmental Affairs or  
Educational Affairs, 1625 Massachusetts Ave. NW, Suite 502,  
Washington, DC 20036, (202) 667-9433.

American Dental Association, 211 East Chicago Avenue, Chicago, IL 60611.  
Telephone: (312) 440-2500.

Food and Nutrition Information Center, National Agricultural Library, USDA,  
Room 304, Beltsville, MD 20705. Telephone: (301) 504-5719.

National Health Information Center, ODPHP, U.S. Dept. of Health and Human  
Services, P.O. Box 1133, Washington, D.C. 20013. Telephone: 1-800-336-4797 or  
(301) 565-4167.

National Institute of Dental Research, Building 31, Room 2C-35, 9000 Rockville Pike,  
Bethesda, MD 20892. Telephone: (301) 496-7085.

**Acknowledgements are made to the following reviewers:**

Dr. William Bowen, Professor, Department of Dental Research, University of Rochester Medical Center, Rochester, NY 14642.

Dr. Dominick DePaola, President & Dean, Baylor College of Dentistry, Dallas, TX 75246.

Dr. Carole Palmer, Associate Professor and Division Co-Chair, Nutrition and Preventive Dentistry, Tufts University School of Dental Medicine, Boston, MA 02111.
